

# SAFETY DATA SHEET

## Section 1: Identification

**Product Name:**

Life Floor Tile-All thickness colors and shapes

**Company:**

Life Floor

**Address:**

2010 E Hennepin Ave,  
Building 8, Suite 206  
Minneapolis, MN 55413

**Emergency Contact:**

Engineering Department  
+ 1 (612) 567-2813

**In emergency call 911.**

**Recommended Use**

Aquatic Safety Surfacing

**For information about this SDS, use this department contact phone#: + 1 (612) 567-2813**

## Section 2: Hazard(s) Identification

**Hazard Statement:** No significant immediate hazards for emergency response are known.

**Pictograms:** Not applicable

**Signal Word:** Not applicable

**Precautionary Statements:** In the event of fire, decomposition products may include acrolein, other aldehydes, carbon monoxide and carbon dioxide.  
May cause static electricity.

**Description of other hazards:** Not applicable

## Section 3: Composition/ Information on Ingredients

Substance name	Conc. (%)
Ethylene Vinyl acetate copolymer foam	100

Exempt: This product is considered an article according to 29 CFR, hazardous communication - 1910.1200(b)(6)(v).

While this material is not classified as hazardous under OSHA regulations, this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of the product.

#### Section 4: First-Aid Measures

**Inhalation:** No hazard in normal use

**Skin Contact:** No hazard in normal use

**Eye Contact:** Wash with water

**Ingestion:** If Swallowed, seek medical advice. It may cause gastrointestinal blockage.

#### Section 5: Fire-Fighting Measures

**Extinguishing Media:** Water spray recommended. Other extinguishing agents may be used.

**Fire Fighting Procedures:** Keep people away. Isolate fire and deny unnecessary entry. Soak thoroughly with water to cool and prevent re-ignition. If material is molten, do not apply direct water stream. Use fine water spray or foam. Cool surroundings with water to localize fire zone. Handheld dry chemical or carbon dioxide extinguishers may be used for small fires.

**Special Protective Equipment for Firefighters:** Wear positive-pressure self-contained breathing apparatus (SCBA) and protective firefighting clothing (includes firefighting helmet, coat, trousers, boots, and gloves). If protective equipment is not available or not used, fight fire from a protected location or safe distance.

**Hazardous Combustion Products:** Decomposition products may include acrolein, other aldehydes, carbon monoxide and carbon dioxide. This product supports combustion and may continue to burn after removal from source.

#### Section 6: Accidental Release Measures

**Not Applicable**

#### Section 7: Handling and Storage

**Handling:** Provision should be made for sufficient ventilation and local exhaust where dust and/or fumes may be produced. Measures must be taken to avoid static buildup and discharge where dust is produced. Equipment used should be bonded electrically to earth and equipped with static control measures.

**Storage:**

Store in a dry, well ventilated location, away from direct sunlight, at temperatures below 120°F.

Keep away from strong oxidizing agents.

Store in a dry, well ventilated location at the same temperature as the area where it is to be installed for at least 24 hours prior to beginning the installation.

#### Section 8: Exposure Controls/Personal Protection

**No special precautions are necessary in normal use.**

### Section 9: Physical and Chemical Properties

Physical State	Solid
Appearance	Foam
Color	Varies according to the color
Flammability	Non-Flammable
Odor	Faint to mild hydrocarbon or ammonia
Explosive Properties	No Data
Melting	85°C
Boiling Point	No data
Decomposition Temperature	No data
Vapor Pressure	No data
Density	0.16-0.19 g/cm <sup>3</sup>
Solubility in Water	Insoluble
pH	Not applicable

### Section 10: Stability and Reactivity

**Stability:** Stable under normal conditions

**Materials to avoid:** Strong oxidizers, acid, and alkali.

**Conditions to avoid:** Open flame, other sources of ignition and high temperatures

### Section 11: Toxicological Information

No toxic effects are known under normal use.

### Section 12: Ecological Information

No ecological effects are known under normal use.

### Section 13: Disposal Considerations

Dispose of according to local regulations.

### Section 14: Transport Information (non-mandatory)

Proper shipping name: Soft Tile

Material is classified as non-hazardous

### Section 15: Regulatory Information

None

### Section 16: Other Information
